Anti-Cancer Agents in Medicinal Chemistry

June 18, 2020

Dr. Y.W. Yin

Department of Pharmacology and Toxicology

The Sealy Center for Structural Biology, University of Texas Medical Branch, Galveston
TX 77555

United States

Dear Dr. Yin,

Anti-Cancer Agents in Medicinal Chemistry is in the process of appointing Executive Guest Editors. This journal has an impact factor of **2.18**, is indexed in *Science Citation Index-Expanded (SciSearch®)*, *Journal Citation Reports/Science Edition*, *InCites*, *BIOSIS*, *BIOSIS Previews*, *BIOSIS Reviews Reports and Meetings*, *MEDLINE/PubMed/Index Medicus*, *Scopus*, *EMBASE/Excerpta Medica*, and other major indexing agencies and publishes in the areas of medicinal chemistry and rational drug design for the discovery of anti-cancer agents. We would like to propose your name for the position of Executive Guest Editor of *Anti-Cancer Agents in Medicinal Chemistry*.

Executive Guest Editors are appointed for a period of three years and are expected to submit a thematic issue annually. The formal appointment of an Executive Guest Editor (EGE) is made on the receipt and acceptance of a thematic issue proposal in a hot and emerging field. If you accept our nomination, then we hope that you will be able to submit an outline of the thematic issue at your earliest. The thematic issue itself will be expected to be submitted within 4 months of the acceptance of your preliminary proposal. Such thematic issues may be guest edited by the Executive Guest Editor or jointly with another expert in the field whom the Executive Guest Editor invites. Editorial support, including arranging independent peer reviews of the submissions, will be provided by the publisher through their state-of-the-art Article Processing System. Please note that that the final acceptance or rejection decision, on any Thematic issue, will be taken by the Editor in Chief of the journal.

The Executive Guest Editors will be entitled to the following benefits:

1. A brief CV and photograph of the Executive Guest Editor will be displayed on the journal's website.
2. Executive Guest Editors will be entitled each year to a free Open Access publication of an article (subjected to acceptance) in any Bentham subscription

journal. This may have a value of up to **US\$3,000**. (Open Access publishing provides wide accessibility of the article and is normally a paid service. To view some of the Open access articles in the journal, please visit the journal website).

3. The Executive Guest Editor will receive a free online access to the journal for the calendar year in which their thematic issue is published.
4. The Executive Guest Editor will be given free online access to any 3 books of his/her choice from the Bentham list of E Books.
5. The Executive Guest Editor will receive a hard copy of the published thematic issue for personal use.
6. The Executive Guest Editor will get 50% discount on the publication fee of their article in any Open Access Bentham Journal.
7. On final publication of their thematic issue the Executive Guest Editors will get a Certificate of Contribution from the Editorial Office.

If this position is of interest to you, please let us know. If you are interested, then kindly send us your brief CV, a list of your recent publications, and the tentative title of your thematic issue proposal. Kindly also indicate the field of the journal relevant to your area of research.

In case you are not interested in the position of Executive Guest Editor, then you are welcome to submit a general article that fits in to the Aims and Scope of the journal.

- We look forward to hearing from you in this regard.

Sincerely,

Mrs. Nuzhat Gul
Editorial Manager

An interesting new journal entitled "*Coronaviruses*" is being launched by Bentham Science under the Editorship of Prof. Di Liu, Wuhan Institute of Virology, China, with Prof. Ferid Murad (*Nobel Laureate*, Stanford, USA) & Prof. Atta-ur-Rahman, *FRS*, (*UNESCO Science Laureate*) as the Senior Honorary Advisors. For further information please visit Journal *Coronaviruses*
